Madho Singh Parmar

Student at Bansal institute of science and technology bhopal
Bhopal, Madhya Pradesh, India

Summary

I am Madho Singh Parmar. I'm a software developer intern in The Skybrisk technology with a keen interest in software development engineer and java developer. I recently completed my post graduation in master of computer applications from bansal institute of science and technology bhopal and completed a project 1. quiz master in java technology 2. Online birth certificate system in php technology. I'm eager to learn and grow, and I'm always looking for opportunities to expand my knowledge and skills. I'm a goal oriented person and team player with a strong work ethic. I'm excited to connect with all of you and learn from this experience

Experience

Cognifyz Technologies

Java Developer intern

November 2024 - December 2024 (2 months)

India

Tech Alpha

Java Developer

July 2024 - October 2024 (4 months)

Bangalore

I'm a passionate Frontend Developer a sharp eye for detail and a love for crafting clean, responsive, and engaging digital experiences. I specialize in turning ideas into interactive, user-friendly websites using modern technologies like HTML, CSS, JavaScript, Java, and responsive design principles.

From layout and animations to user experience and performance optimization, I focus on building web interfaces that not only look great but also function seamlessly across all devices. I enjoy solving problems creatively, collaborating with teams, and continuously learning to stay updated with the ever-evolving world of web development.

Tech Stack: HTML5, CSS3, JavaScript, Java, Github

Tools: VS Code, Chrome
